President Taft has approved the action of the West Point authorities who commended the dismissal of Cadet Elmer Addler from the military academy for getting married. Cadet Adler was a second-class man and eloped last month with one of the students in a fashionable girl's school on the Hudson.

The court at Los Angeles has been asked to decide whether or not Mrs. Marcella Elissada, aged 105, and very wealthy, may marry Pleasantino Leon, aged 86, who says he has loved her for 50 years. The old lady's children think she is too old to marry and she does not agree with them.

TRIGG DELEGATES

From Trigg Appointed to Good Roads Convention.

Notwithstanding the recent voting down of a proposition, by an almost unanimous vote in the different precincts of Trigg county to issue bonds for building pikes, there are indications that the question of good roads is still a live one with our next door neighbors. County Judge John C. Dabney has appointed the following gentlemen as delegates to the good roads convention to be held here tomorrow and next day: J. P. Watson, T. O. Terry and John S. Lawrence.

ED JONES

Still In The Race For Nomination For Sheriff.

Ed Jones, one of the leading farmers of the county, is out for the Democratic nomination for Sheriff. The race thus far looks like a four-cornered one, the other three prospective candidates being Jewell Smith, Lucian Harris and Mat Major.

Weather For The Week.

BIG EXTRA VOTE OFFER
FOR THIS WEEK ONLY

3,000 Extra Votes With Every Dollar Turned in By Saturday Night, February 22---This is the Week To Win.

THE WORKERS WILL AVAIL THEMSELVES OF THIS OFFER.

New Nominations Received and Interest Growing Intense in Every Section of the County---Many Votes Cast Since the Last Issue.

The week for energetic work is here.

In order to encourage all contestants to do their most effective work at the beginning of the contest, the contest manager announces the following extra vote offer for this week.

With every dollar turned in on subscriptions up to next Saturday night, Feb. 22, 3,000 extra votes will be allowed. This offer is in addition to the regular number of votes, and will apply on new and renewal subscriptions alike. This is positively a larger number of votes than will be allowed at any other time during the contest. Commence to-day and secure every available subscription while this big vote offer is on. Explain to your friends that a subscription this week means more to you than any other time. Extra effort this week will help to roll up a big vote for the final count. This offer affords the opportunity to win and no one who wants to be among the winners when the final count is made on March 22, should fail to take advantage of the big offer this week. This offer closes next Saturday night, Feb. 22, and will not be repeated or extended. Be wise and make this week count to your benefit.

NAMES TO BE WITHDRAWN.

The contest manager is anxious that every one nominated take an interest in the contest and try for the prizes, but in order that the public may know who are the workers, the names of all those who do not start to work by Saturday Feb. 22, will be withdrawn. Get busy now and don't allow your name withdrawn on account of indifference on your part. Since some friend has nominated you, get out and win.

TO SUBSCRIBERS.

The readers and patrons of the Kentuckian who expect to aid some one of the contestants, should do so this week as their subscription will secure more votes between now and Feb. 22, than at any other time during the remainder of the contest. Vote. Help your favorite. Get in the game, and enjoy the friendly rivalry.

TO CONTESTANTS.

Contestants should see all are in their proper districts. Read the districts boundary line and see that you are in the district you belong in. This is important as no candidate can receive a prize in a district in which she does not reside. If you need subscription blanks please call at this office and secure them, or notify the contest manager and he will send them by mail. Get busy this week and make your success certain.

Several new nominations have been received since the last issue and appear in the list today. It is not too late to enter. If you want one of the prizes, get in the game at once.

GOOD ROADS
MEETING

Arrangements Completed For Big Farmers' Event Beginning Tomorrow.

SPEAKERS FROM A DISTANCE.

Expected That Attendance From Different Sections Will Be Large.

The good roads convention, beginning here tomorrow and lasting over Thursday, will be one of the most important ever held in the State. Other states besides Kentucky will be represented, and the farmers of Christian county, if they are alive to their own interests, will quit their farming operations for the two days and attend every session.

From the program, completed yesterday, it will be seen that, in addition to the local speakers, there are over half a dozen others from a distance who will address the people, all of whom are fully competent to enlighten the public as to road building.

The meeting was arranged for the benefit of our farmers. As is well known Christian county, through its Fiscal Court, has spent a great deal of money to improve its roads, by issuing bonds, as well as by liberal appropriations from the county fund. Probably no county in the State has done more along this line, but there is still much more to be done, and it should be done intelligently. This cannot be unless our people avail themselves of every opportunity to be informed. The Business Men's Association has done its part, and has done it well. It is now up to the farmers to do theirs.

PROGRAM.

Wednesday, 1:30 P. M.

R. E. Cooper, Pres. H. B. M. A. Presiding.

Thursday A.M. Feb. 20th.

Judge Knight, Presiding. Call to order 9:30 a. m.

 Judge Wells has made a study of

Dread Of An Operation.

N. Manchester, Ind.—Mrs. Eva
 Pashore, of this place, says: "I suf-
 fered female misery of every de-
 scription. Two doctors attended
 me, and advised an operation. I
 lost weight until I weighed only
 ninety pounds. I dreaded an opera-
 tion, and, instead, began to take
 Cardui. In a short time, I gained
 25 pounds, and feel as well as I ever
 did. Cardui, I am sure, saved my
 life." Cardui is to day used in
 thousands of homes, where it re-
 lieves pain and brings back strength
 and ambition. It is a woman's med-
 icine, for woman's ailments, and you
 are urged to try it for your troubles.
 Ask your druggist. He will tell you
 about Cardui.

DECLARES CHINA SHOWS LITTLE IMPROVEMENT

"What is happening in China?" was
 asked J. O. P. Bland, who is now in
 the United States by invitation of
 the Lowell Institute at Harvard,
 where he is delivering a course
 of lectures dealing
 with China
 and her people.
 He went first to
 China in 1883 and
 served the
 Chinese government
 for thirteen years
 thereafter, acting
 as an official in
 many parts of the
 great empire. In
 recognition of his
 services he was
 given civil rank of
 the fourth class
 and was subsequently
 decorated with
 the order of the
 double dragon.

"China shows little improvement,"
 he replied. "Armed forces of eight
 foreign nations guard alien interests
 in Peking and watch the way to the
 sea. The prosperous settlements of
 Shanghai, Hankow and Tien-tsin are
 administered by Europeans. The only
 reliable asset China has possessed for
 use in the European money market
 during the last thirty years has been
 the imperial maritime customs, a
 service under the direct supervision
 of foreign accountants.

"Foreign control has been extended
 to the railways of the north and sev-
 eral other lines, every dollar of ex-
 penditure being certified by foreign
 accountants, given full responsibility
 by the Chinese directors. Later loans
 negotiated under the inspiration of
 German policy were not thus safe-
 guarded, and resulted unhappily. Chi-
 na, therefore, is not mistress of her
 own house; that house is mortgaged
 and there is a bill of sale upon the
 furniture. No strong-armed man is
 present on the premises.

"The 'Chinese Republic,'" Mr. Bland
 continued, "is not really a republic in
 that sense in which Americans under-
 stand the word. No effective republi-
 can government has been estab-
 lished; the quiet which now marks
 Chinese affairs is by no means due
 to satisfaction with political condi-
 tions. Republican ideas are not in
 the least understood by the mass of
 the Chinese people, and, therefore,
 it cannot be said that they have really
 been accepted.

"The greater portion of China's vast
 population is at present quiet, because
 it has been very busy, gathering the
 greatest crop known to the empire in
 recent years. They are philosophers—
 the Chinese people. Happily en-
 gaged at harvesting, they do not take
 the time to go to war, and, while
 they have labored, Yuan Shi-Kai, the
 president of this nominal republic, has
 been modeling a government rather
 on the plans followed by the late dow-
 ager empress than on those which
 Americans know as republican. In
 other words, he has established a new
 autocracy to take the place of that
 which he helped to overthrow."

"You do not then believe that 'China
 is awakened' or that a new era really
 has dawned in that part of the Ori-
 ent?"

"There is a Chinese proverb ad-
 mirably expressing by its metaphor
 the real condition," Mr. Bland replied.
 "It runs: 'The Yellow river may
 change its bed, but its waters will re-
 main as muddy as before.'"

"These facts are significant:
 "A year ago the present vice-presi-
 dent of the republic advised Yuan not
 to proceed with the development of
 his republican ideas, but to seize the
 throne.

"Yuan's execution of the Wu-chang
 conspirators last August was in ac-
 cord with monarchical, not republican
 traditions, and met with the full ap-
 proval of the people. In other words,
 the ancient despotisms are continuing
 under new names as fundamental fea-
 tures of the present Chinese govern-
 ment."

"Then popular representation is not
 a part of the present plan."

"It is impossible in China, and will
 so remain for many years to come.
 History and biological science alike
 emphasize the folly of believing that
 a sudden and radical change in the
 Chinese race can be brought about.
 Without such a change a true republic
 is impossible."

HOW SPANISH BEAUTY PICKED HER HUSBAND

"The most beautiful girl in Spain"—
 she really isn't a girl any longer, but
 a wife—was in
 New York the
 other day. She is
 Josephina Ferrada,
 wife of a Ha-
 vana banker, and
 she was on her
 way from Cadiz
 to join her hus-
 band in the Cuban
 capital after a
 visit to her old
 home in Madrid.

While a girl in
 Spain she had just
 a hundred suitors.
 She was at her wits' end to know what
 to do with them. Her parents com-
 plained that they trampled down the
 lawns and the flower beds and gave
 the old people no rest, since they
 were constantly importuning the eld-
 ers for permission to pay their ad-
 dresses to the girl.
 Finally one bright day in Spain the
 girl called her hundred together.
 "I love you all," said the girl to
 her army of admirers, "and may the
 Virgin forgive me, but I cannot de-
 cide between you."

The hundred cheered.
 "So there is only one thing to do,"
 she said.
 "And that's to marry me," each
 suitor shouted.
 "It is impossible to marry all of
 you," returned the girl, smilingly. "So
 I propose this: Let my devoted hun-
 dred go out into the world. You are
 all young men. Go out and make your
 fortunes. I will marry the first man
 of you who returns with a competence
 which will support me in the manner
 to which I am accustomed."

The devoted hundred did not wait
 to hear more, but made tracks for
 the outer world. The man who after-
 wards became her husband went to
 Cuba and, in order to win a compe-
 tence first, became a banker. He re-
 turned with the evidences of his
 wealth about him, and the girl, true
 to her promise, wedded him, for he
 was the first.

Senora Ferrada had with her on
 the liner the proof that her husband
 had really won a competence. When
 she boarded the ship in Spain she
 gave to the purser \$15,000 in hard
 cash to keep for her and \$30,000 worth
 of jewels.

NEW MINISTER TO BELGIUM IS WELL QUALIFIED

Mr. Theodore Marburg, the newly
 appointed minister to Belgium, has
 sailed for Brussels
 and his daughter,
 Miss Christine
 Marburg, accom-
 panied him. A dinner
 was planned to
 have been given
 him at the Hotel
 Belvedere in Bal-
 timore, but at the
 last moment it was
 abandoned for the
 reason of the re-
 cent death of the
 Countess of Fland-
 ers, mother of

King Albert.
 The Marburg home in Baltimore has
 been the scene of lavish and kindly
 hospitalities for some years. The uni-
 versal opinion is that President Taft

has never made a wiser choice than
 in giving the post to Mr. Marburg,
 who is in every way so fit to be a
 diplomatist. Just fifty years old, he is
 in his mental prime. Not only is he
 the author of the various philosophical
 works mentioned in the little sketch
 of him already published, but he is
 also one of the promoters of the peace
 movement which just at the present
 moment is awakening so much inter-
 est in New York by the presence of
 the Baroness von Suttner, the woman
 who inspired the founding of the
 Nobel prizes. In one of the several
 "les envois" to him, it has been writ-
 ten that his diplomatic career on ac-
 count of change of administration may
 be brief, but that after all it may be
 better, because he has so much to do
 here in this country, in the way of
 finance and literature.—Town and
 Country.

LORD VICTOR PAGET'S BRIDE TO LIVE IN FLAT

Lord Victor Paget, brother of the
 marquis of Anglesey, was married to
 Miss Olive May, the pretty Gayety
 girl. Only the im-
 mediate relatives
 of the couple at-
 tended the cere-
 mony.

As told by pre-
 vious dispatches,
 Miss May's final
 consent to the
 marriage was ob-
 tained only on the
 strict understand-
 ing that she would
 be welcomed as a
 member of the Paget family. So well
 has she passed the critical social ex-

amination that the marquis, as head
 of the family, has notified her that
 he intends of his own volition to make
 a substantial settlement on her.

Lord Victor does not intend to nor
 can he, lead an idle life, and directly
 at the conclusion of their honeymoon
 he will enter the stock exchange firm
 of Bourke, Schiff & Co., which already
 has a member of the nobility on its
 staff in the person of Viscount Ache-
 son, who married Mildred Carter,
 daughter of Mr. and Mrs. John Ridge-
 ley Carter. Mr. Carter was formerly
 secretary of the American embassy
 here.

Lord Victor and his bride will make
 their home in a small flat in Kenning-
 ton.

Starting Something.
 Mr. Yeast—How does the novel be-
 gin?
 Mrs. Yeast—Oh, with an awful
 fight.
 "That's rather unusual for them to
 be married at the beginning of the
 book, isn't it?"

Slight Oversight.
 Mrs. Shopley—Oh, Henry, I bought
 the lowest set of books today on the
 installment plan. All I have to pay is
 \$1.50 a month.
 Shopley—For how many months?
 Mrs. Shopley—Mercy! I forgot to
 ask.

MADERO STILL BATTLING

With His Foes in the Streets
of the Mexican
Capital.

AND HE REFUSES TO RESIGN

Other Americans Killed and
General Flight to Places
of Safety.

A report published Saturday that President Madero had resigned, was promptly denied by Madero himself who said he would die before he would resign. Saturday was another day of fighting as fierce as any preceding day. It was stated that Madero and his advisors were considering a twenty-four-hours truce, during which it is proposed to define a neutral zone and urge foreigners to remain within its boundaries. During a battle a bullet narrowly missed Ambassador Henry Lane Wilson's head, and a shell pierced the German legation building. The Mexican Senate held a session endeavoring to find a way of ousting Madero.

There were numerous casualties among noncombatants. A strange fatality seems to have followed R. N. Meredith, of Troy, O. He was slightly wounded two days before while passing through the streets. Saturday a shell crashed into Porters Hotel and killed him. The wife of Meredith was Miss Tommy Jett, formerly of Cynthia, Ky. Sidney Sutherland, correspondent of a Salt Lake City newspaper, but a resident of Mexico City, was wounded seriously by a shell.

A strong censorship has been established and it is almost impossible to get information except through diplomatic channels.

The government has not only shut the world off from Mexico City, but so far as the public is concerned, has shut Mexico City off from the world, including the whole of the Mexican republic. News dispatches sent Saturday night from the United States to Mexico City were either refused or held up, the intention evidently being that the residents in the capital shall not be informed of the measures which have been undertaken by the American and other governments to protect their interests.

While Madero has been reiterating his declaration that conditions in Mexico outside of the capital are satisfactory, advices from various centers indicate that there have been important movements in favor of General Diaz.

Confirmation of the breaking of the armistice and the resumption of hostilities has been received from Laredo, Texas, where wire communication was established with Mexico City early Sunday afternoon and again as late as 9 o'clock at night. On both occasions the messages stated that a battle was on.

Official notices received from Ambassador Wilson tells of the narrow escape of the British minister, Francis W. Stronge, from federal bullets while on his way to a conference at the American embassy on Saturday. The automobile in which Strong was riding escorted by a federal guard, was struck in several places. This gives some slight indication of the difficulties and dangers encountered by the diplomatic representatives in their endeavors to bring about a peace settlement.

Further advices from the ambassador say that the majority of the American residents have found places of relative safety, although a few of them have refused to abandon their homes.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; no cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY, & CO., Toledo, Ohio.

SATAN

The Biggest Feature Ever Produced, Coming to the "Rex" Next Thursday and Friday.

Manager Grau informs us that this is one of the very few real features that have ever been made, in fact he says you can count all of the films that are in a class with it, on one hand. Another point which the "REX" is to be commended for is that this film has just been released and will have been run only three times before it gets to Hopkinsville. This is something unusual for a town the size of Hopkinsville and it costs something to put the deal over. "Owing to this fact," says Mr. Grau. "It is necessary for us to boost the price of admission to, 15 cts. for children and 25c for adults."

It cost upward of \$200,000 and four months of constant work to make this superb picture. Mr. W. Stephen Bush, one of the best Motion Picture critics, says, "Too much praise cannot be given to pictures of this kind. They justify the faith and hope in higher possibilities of the moving picture. This picture particularly ought to be sure of a warm welcome from the public, because it travels new paths and gives all the rare pleasure of thinking. In electric theatres, as well as on every other stage, the patrons are hungry for new ideas. The most popular picture today is the picture with food for thought."

Relief From Rheumatism

MISS H. E. LINDELLER, Gilroy, Calif., writes:—"My mother has used one 50c bottle of Sloan's Liniment, and although she is over 83 years of age, she has obtained great relief from her rheumatism."

Rheumatism Entirely Gone

At the same time the family was troubled with ring-worms—there were five ring-worms between my sisters and I and Sloan's Liniment cured every one of us in a week's time."

"There is, to be sure, a wonderful lesson in this picture; wonderful and wholesome as well, but very subtle. It is not at all obtrusive on the spectator. He is not preached at in pictures as some overzealous moralist would preach at him in words. The tremendous lesson which forces it-

self on every man, woman and child seeing these pictures is: Avoid temptation. We absorb the lesson because we admire the way the story is told."

Aching Kidneys Cured in Hopkinsville

If Your Back Aches and Your Kidneys are Weak, Get the Kidney Remedy
That Has BEEN PROVED GOOD Again and Again Right
Here in Hopkinsville.

HOPKINSVILLE PEOPLE TELL IT:

"Every Picture
Tells a Story."

Are Your Kidneys Weak?

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells and are nervous, despondent and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment, if passages are too frequent, scanty, painful or scalding, it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick dust like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

O'Neal Street

Mrs. J. E. O'Daniel, 603 O'Neal St., Hopkinsville, Ky., says: "I recommend Doan's Kidney Pills, for they have done me a great deal of good whenever I have had occasion to use them. For some time I had suffered from pains in my back and sides and other troubles arising from weak kidneys. Seeing Doan's Kidney Pills highly recommended in the papers, I got a box and used them as directed. They quickly cured me and I know that they are the best kidney remedy to be had. I always advise friends and acquaintances to give them a trial."

Mrs. O. A. McElroy, 622 O'Neal St., Hopkinsville, Ky., says: "I gave my young son part of a box of Doan's Kidney Pills and I know they did him a lot of good. Before I gave them to him, he used to wet the bed every night. One box of Doan's Kidney Pills was all he needed to strengthen his kidneys and that stopped his bed wetting. I consider Doan's Kidney Pills an excellent remedy for kidney trouble and can highly recommend them."

North Clay Street

J. H. Hayes, N. Clay St., Hopkinsville, Ky., says: "Some time ago I used a box of Doan's Kidney Pills and found them very beneficial. I had kidney trouble which caused my back to ache. I saw Doan's Kidney Pills advertised, got a box and used them as directed. They promptly cured me. It gives me pleasure to recommend this excellent preparation."

O'Neal Street

Mrs. J. T. Cannon, 609 O'Neal St., Hopkinsville, Ky., says: "I have given Doan's Kidney Pills to my children at various times and always find them beneficial. Whenever one of my children is bothered with kidney weakness, a few doses of Doan's Kidney Pills relieve the attack. I can highly recommend this remedy as a cure for kidney trouble."

Fifteenth Street

Miss L. A. Hester, Fifteenth and Clay Sts., Hopkinsville, Ky., says: "The pain in my back caused by disordered kidneys was so severe some days that I often felt like lying down. If I walked any distance or over-exerted myself in any way I was troubled most and if I caught cold it made me miserable. In the morning I felt stiff and sore and often found it difficult to dress. A kidney weakness bothered me. I doctored but found little relief. Finally Doan's Kidney Pills were recommended to me and I got a box. They removed the pain in my back and corrected the kidney difficulty."

O'Neal Street

Mrs. I. P. Duke, 655 O'Neal St., Hopkinsville, Ky., says: "I used Doan's Kidney Pills several years ago. I had pains across my back and sides, as well as other troubles arising from the kidneys. Seeing Doan's Kidney Pills so highly recommended, I got a box and used them as directed. They promptly cured me and since then I have had no further need of a kidney medicine. I can recommend Doan's Kidney Pills as they do just as advertised."

Mrs. J. H. Morris, 514 O'Neal St., Hopkinsville, Ky., says: "Three or four years ago I used a box of Doan's Kidney Pills and was relieved of severe pains in my back. For some time I suffered from these pains and had found nothing that would do me any good. Seeing Doan's Kidney Pills so highly recommended I got a box and their use as directed greatly benefited me. I can recommend this preparation as to do just as advertised."

BEST MEETING OF THE SERIES

Was Last Friday Night, When
Ten Went To the
Altar.

FINE SUNDAY SCHOOL SERVICE

Announcement Yet Made
For the Time of
Closing.

The Sunday morning service at the Methodist church started off with a fine meeting during the regular Sunday school hour. Dr. Mann preached a powerful sermon specially prepared for the members of the Sunday School, the lesson for the morning being omitted. Many persons not members of the school were present and the sermon received the closest attention of all and great results are hoped for.

Sunday morning's regular preaching services called out an immense crowd as well as did the night service. As to how long the services are to continue is not yet determined. They will continue to and including tomorrow night. At the Friday night service ten persons went to the altar and it was pronounced the best of all meetings up to that time.

A large crowd heard Dr. Mann Sunday night in a sermon that was pronounced one of his best. Half a dozen or more went to the altar at the close of the sermon. The evangelist, the pastor and the members were greatly encouraged. No definite time for closing was announced, but Dr. Mann stated that they might continue longer than Wednesday night.

SUSTAINS LIFE WITHOUT AIR

Remarkable Fact in Connection With the Snail is a Puzzle to the Scientists.

It is a fact that while the common snail has lungs, heart and a general circulation, being in every respect an air-breathing creature, it is nevertheless able to live indefinitely without inhaling the least bit of air, an element supposed to be essential to the existence of all creatures endowed with lungs. A high authority once said, "To all organized creatures the removal of oxygen, water, nourishment and heat causes death to ensue." It thus appears that when that statement was made the authority quoted did not appear to take into consideration the snail as being one of the "organized beings." The experiments of one scientist, however, have clearly demonstrated that any or all of the usual life conditions may be removed in the case of the snail without terminating its existence, or indeed impairing its functions. The snail retreats into its shell on the approach of frosty weather, and causes the opening or mouth of its shell to be hermetically sealed by a secretion of silky texture absolutely impervious to air and water. In this condition, therefore, it is plain that the little creature is deprived of three of the four elements of life—air, water and nourishment.

No Profit in Alligators.

The difficulty about raising alligators to supply the demand for the animals and skins is that they do not attain full growth for about 100 years. The skin of the six or seven-year-old animal is available, however, for many practical purposes. There is one on a farm at Palm Beach which measures 18 feet in length and is said to be about 900 years old. There are several of these farms in operation at the present time, but the industry will not be really profitable until the wild alligators become scarcer.

HOW TO USE PARSLEY FOR THE AFTERNOON TEA

ITS VIVID GREEN NEEDED TO DRESS COLD MEATS.

Has a Rich Aroma That Gives the Distinctive Flavor to Sauces and Other Herb Dishes.

The green, curling parsley fronds in the garden are picked for a dozen purposes daily for the kitchen. When the green things come in from the garden nothing is better welcomed than the bunch of fresh greenery for garnishing culled from the parsley bed.

Cold fish and cold meat, ham especially, appear unfinished on their dishes without the vivid dash of lovely green that parsley bestows. When the green is set between vivid sections of scarlet tomato, the color scheme of any cold dish is enhanced.

Many cooks also set the bright yellow of egg yolk and the pure whiteness of its envelope of albumen here and there between the green and scarlet, then they know the artistic sense will be fully satisfied. This is because that brilliant green is really a compound of blue and yellow lights withdrawn from the sunlight. These two primary colors need the red to complete the harmony of the trinity of hues. The gold of the egg yolk is also a primary; the purity of the egg white, reflecting all hues, adds the three primaries to shine forth in all their brilliance. Truly, parsley, tomato and egg can form a vivid color symphony on any dish.

The rich aroma of the parsley is due to its plentiful volatile oil, strong as any essence, that permeates the curling fronds. It is this oil that gives the distinctive flavor to all parsley sauces and all things cooked with the herb.

Parsley, a rock plant originally, with the rock name still attached to it, had the old idea of the ancient curse transferred to it. It is one of the Peter plants, having been dedicated to St. Peter, on account of its liking for rocks and because of its stony name. To remove a rock or, by analogy, a rock plant, would be like removing the foundation from that place. Hence the idea of ill luck to the transplant of parsley.

Sausage Patties.

For sausage cakes use cold pork. It is best to use some of the fat also and add equal portion of fresh ground round steak. Two cupsful of the ground pork and beef as directed, one teaspoonful of minced onion, one-eighth teaspoonful of mixed sausage herbs or powdered sage, one-fourth teaspoonful of salt, a good sprinkling of paprika or pepper, yolk of one egg and a little flour as needed.

Mix all ingredients very thoroughly with a fork in bowl. With floured hands take up enough to form round cakes a little larger than a dollar and one inch thick. If mixture is too moist a little flour can be worked in. This depends on size of yolk and consistency of meat. When formed dip each in a little flour and fry in good drip pings or a little lard and butter.

Turkish Nougat.

One pound almonds, one of seeded raisins, half of figs, a fourth of candied cherries, a fourth of candied pineapples, a fourth of hickory nuts, a fourth of English walnuts, two of extra C sugar, half a cupful of water and a cupful of heavy cream. Blanch the almonds and toast almonds, hickory nuts and walnuts in the oven until a delicate brown; cut figs into strips, cherries into halves and pineapple into dice. Dissolve sugar in the water, add cream and boil without stirring, after boiling commences, until a soft ball is formed when tested in cold water. Remove from the fire, let stand until lukewarm, then beat to a cream. Melt the cream by standing it in boiling water, stirring constantly. When melted, add the fruit and nuts and flavor with vanilla.

Ham Omelet.

Put one cup of fine bread crumbs into a bowl and cover with cold milk. When the milk is absorbed add three eggs, beaten very light, season with a saltspoon of salt and add a dash of pepper. Cook in two omelets or in one large one not too thick. Melt a teaspoon of butter in an omelet pan, turn in the mixture and let it cook until brown on the under side. Spread finely chopped ham over one-half, fold the other over, lay a warm platter on the pan, invert both, and the omelet will be transferred without breaking. Garnish with sprigs of parsley.

Salmon and Peas for Lunch.

Put a can of salmon in a dish of hot water, after it is heated through open and put contents in center of a platter, then pour a hot cream sauce over it, at the same time have a can of peas hot, drain liquor off and put peas around the edge of dish with salmon in the center.

Cream Sauce—One teaspoonful of cream or milk heated to boiling, stir in one-half tablespoonful of cornstarch wet with a little milk and when thick season with salt, pepper and one-half tablespoonful of butter.

Ice Cream Candy.

Two cups of sugar, one-half cup of water, one-fourth teaspoon of cream of tartar. Boil until it forms a ball and then add a piece of butter the size of a walnut. When almost cool pull and cut into cubes or let harden and cut in squares. Add vanilla or lemon; or rose extract and crocheted nuts and candied cherries.

How to Make Several Kinds of Dainty Sandwiches With Sweet Fillings.

Dainty sandwiches easily prepared for afternoon tea have sweet fillings. Brown, white or rye bread, with crusts removed and sliced very thin, may be used, or the mixtures are nice on unleavened wafers or buttered crackers. A pleasant variety is to spread crisp buttered toast with the fillings instead of making in sandwich form.

A stiffly whipped cream makes a good base for many fillings. Sweetened with confectioners' sugar and stir in chopped dates and ground English walnuts; again freshly grated coconut or grated sweet chocolate melted marshmallows. Hot marshmallow fudge is an especially nice sandwich filling, especially when used on thin slices of "coffee cake."

A nice orange filling is made from a syrup of sugar and water, the grated rinds of oranges and the strained juice. Thicken with a little cornstarch. Cool and spread thickly on the bread.

Cherry butter, mixed with finely chopped pecans, makes an appetizing sandwich. Nuts are nice with any jam or preserves, and especially good with spiced fruits or Maraschino cherries, or bananas marinated in rum.

STUFFED SPANISH ONIONS

They Are Filled With Sausage, Surrounded With Gravy, Baked and Served Hot.

Select Spanish onions. If they are not large one onion for each person may not be too much. Remove the outer layers of the skin and boil the onions in water enough to cover them until they are tender, but not until they break. Blanch them by covering them with cold water. When quite cold remove a part of the soft interior and put some sausage in its place. Place the onions side by side in a baking dish. Dredge them with pepper, salt and flour. Pour around them a gravy (the gravy left over from the chicken pie will do very well) or a sauce prepared from beef extract dissolved in a little boiling water. Add the onion (cut up), which was scooped out, to flavor it. Bake the onions for about three-quarters of an hour or until the sausage has been thoroughly cooked. Baste them with the gravy or sauce about every ten minutes. When ready for serving put the onions on a platter, thicken the gravy with flour, strain it over the onions and serve.

American Delights.

Sure to prove a delight to the little folks are the novel dainties here given. Bake a chocolate cake mixture, and when cool scoop from it good-sized balls. Roll them in white frosting, and when set outline with melted chocolate put on with a small camel's-hair brush. The results are baseballs typical of America's best-loved sport. To make the cake cream one-half cup of butter and one cup of sugar; add two well-beaten eggs. Mix separately one and two-thirds cups of flour, two teaspoonfuls of baking-powder, one-third teaspoonful of cinnamon. Add to first mixture, with one-half cup of milk, one teaspoonful of vanilla, and two squares of melted chocolate. Beat well and bake thirty-five to forty minutes.—Harper's Bazar.

Instead of Potatoes.

A dietician talking with a woman who was lamenting the potatoes cut from her diet list, advised her to substitute macaroni. As this is usually supposed to be fattening, directions for cooking it must be carefully followed.

By boiling the macaroni an hour and a half, the dietician says, the injurious ingredients are converted into a food that is nourishing, yet without starch. When used in a diet for obesity, it must not be dressed with milk, merely with a little butter, salt and pepper.

The woman thus advised ate macaroni each evening for dinner, instead of potatoes, yet lost 20 pounds in two months.

New Jar Opener.

The new fruit jar opener operates by means of the wire loop at one end, with which it grips the cover of the jar and with a slight twist of the wrist it is opened. At the opposite end is a can opener, very sharp, strong and efficient, which has a new device of its own for clutching and cutting cans with little labor and no waste.

Oatmeal Cookies.

Take one and one-half cups flour, two and one-half cups oatmeal, one cup sugar, three-fourths cup of shortening, three-fourths cup of sour milk and one teaspoon of soda. If butter is not used for shortening add one saltspoonful of salt, otherwise the cookies will have a flat taste.

Snowball Custard.

Make a boiled custard of one pint of milk, yolks of three eggs, four table-spoons of sugar, and a little nutmeg. Whip whites stiff, drop by spoonful on hot custard and with a spoon cover the snowballs with the custard and pour in a dish. Serve cold.

Bacon and Potato Cake.

Cut bacon into dice, fry until crisp, then add potatoes, coarsely chopped; let brown, then set in oven a few minutes to brown the top. Serve in wedge-shaped pieces.

Going to Washington.

There will, it is said, be a delega-
tion of ten or more people from
Pembroke at Washington on the 5th
of March to witness the inaugura-
tion of Gov. Wilson as President. A
few, but just how many cannot yet
be ascertained, will go from this
city.

You Can Afford It

Electric light is modern, convenient, safe and clean. The only reason that
you are not now enjoying it is the supposed expense. But don't let that
mistaken idea any longer deprive you of its many advantages, for electric
light is now cheap.Install Columbia Mazda Lamps
National Qualitygiving three times the light of the old carbon bulb, makes electric light so
cheap that you cannot afford to be without it. And the quality of this
wonderful light—almost sunshine—clear, white and brilliant!

Use Them Exclusively

By using these Mazda Lamps exclusively, other advantages of elec-
tricity may be enjoyed, such as the electric toaster, coffee percolator,
washing machine and flat-iron. Yet your light bill will be no higher than
before, when the inefficient carbon bulbs were used.But first, get the house electrically lighted. We will substantiate the
above claim that YOU CAN AFFORD IT by practical demonstrations, and
that electric light is cheap with Mazda Lamps. Ask us

TOBACCO
MARKET FIRMThere Is But Little Doing Now
In The Hogshead
Line.

LOOSE FLOOR IS NOW ACTIVE

Farmers Are Now Rushing Their
Deliveries To Prepare
For Work.During the past week the casual
observer could see no difference in
the movement of the crop, yet the
congestion at the delivery floors was
not so great as the preceding week
and those better informed say that
not many more days will elapse be-
fore the crop of last year will be
pretty well cleaned away and farm-
ers will be able to turn their atten-
tion to arranging for pitching their
different crops for the new year.
This is just what they all want to do
and, on account of the delay in be-
ginning deliveries until the first of
January necessarily entailed much
strenuous effort when weather condi-
tions were such that the weed could
be handled at all. Of course the
resumption of business in commer-
cial lines, after the Christmas trade
was over, was proportionally late
beginning and is still holding on.The local market may be quoted
as active and prices firm, but prices
were perceptibly stronger and pur-
chasers a little more eager for some
grades.The hogshead receipts, as report-
ed by Inspector Abernathy, were 42
hogsheads and 4 hogsheads sold dur-
ing the week. After closing his
report Friday several other hogs-
heads changed hands, which will be
embodied in his next weekly report.
The receipts for the week were 201
hds; sales for the year 492 hds.
The unsold stock on hand January
1st was 1,125 hds.The sales on the loose floors for
the week were 330,405 lbs; for the
season 3,093,650 lbs.Hogshead tobacco, of 1911 crop,
is quoted as follows: Lugs, common,
\$6 @ \$6.50; medium, \$6.50 @ \$7.25;
utmost, \$7.50 @ \$8; fine, \$8 @ \$8.50.
Leaf, common, \$8.50 @ \$9; medium,
\$9 @ \$10; good, \$10 @ \$11.50; fine,
\$12 @ \$14.

BURLEY DISTRICT.

AT LEXINGTON. For the second
or third time the capacity of the
loose floor market was taxed to the
utmost, 700,000 lbs. being sold. Fri-
day, prices ranging from \$3 to \$4.2.
One crop of Fayette county tobacco
averaged \$29.67, while another Gar-
rard county crop averaged \$25.53.
Market was strong but prices were
weaker.AT SHELBYVILLE. Over 200,000
lbs. were sold Friday. Prices were
good and sales more satisfactory than
for three weeks. One firm sold 140,
000 lbs. without a single rejection.
General prices ranged from \$4 @
\$24.50. Good prices are anticipated
for this week.AT FRANKFORT. There were sales
at but two houses in Frankfort Fri-
day. Nearly 90,000 lbs. were soldat prices ranging from \$2 to \$23.
One crop of 3,760 lbs. brought an
average of \$19.03.AT CARLISLE. About 160,000 lbs.
were sold Friday, ranging from \$1
to \$22.

In the Stemming District

Henderson, Ky., Feb. 14.—Great
interest is centered on the election
to be held Saturday by the ten thou-
sand farmers in the Stemming Dis-
trict, as to whether the district board
shall close the offer for eight and a
half million pounds of tobacco, or
make propositions to prize it all.
There is a total of 25,000,000 pounds
in the pool, and they have only had
offer for this part of it. Voting
places will be held at eight points in
each of the five counties. Many
favor prizing the entire crop, while
others want a sale of this part, and
election was deemed necessary.

Growers Voted No.

The election in the five counties
composing the stemming district re-
sulted in a rejection of the proposi-
tion to sell any portion of the crop,
by a large majority and the indica-
tions are that the entire crop will be
prized.Hopkins county voted almost so-
lidly against the proposition, five
districts opposing it unanimously.Webster county voted 3 districts
to 2 in favor of selling. Dixon,
Slaughtersville and Clay for, Sebree
and Providence against.Crittenden county voted solidly
to hold the crop at 8 cents average
or prize.Union county voted 2 districts to
sell and 2 against. Caseyville and
Sturgis not being reported.Henderson county voted 4 districts
against and 3 for selling, the 4 vot-
ing no far out-numbering the 3 in
population.The stemming district board was
to meet yesterday to canvass the
vote and it was about a foregone
conclusion Sunday that the board
would at once begin making arrange-
ments for prizing.DR. BEAZLEY

tional musical comedy "Three
Twins" which had a run of five
months at the Whitney Opera House,
Chicago; and ten months at the Her-
ald Square Theatre, New York.
"Three Twins" contains more novel
features than any musical comedy
that has ever been produced. The
faceograph is one of the most won-
derful electrical effects ever shown
on the stage. There are a number
of melodious song numbers, includ-
ing "The Yama, Yama Man," "Boo
Hoo Tee Hee," "Good Night,"
"Cuddle Up a Little Closer" and
"They Are All My Girls."
